NOTICE

There will be a meeting of the **Information Technology and Automation Committee** of the Board of Commissioners of Cook County on **Monday, January 11, 2010** at the hour of **10:00 A.M.** in the Board Room, Room 569, County Building, 118 North Clark Street, Chicago, Illinois to consider the following:

303349 RECORDER OF DEEDS, Eugene "Gene" Moore, transmitting a Communication, dated September 30, 2009:

requesting authorization for the Purchasing Agent to enter into a contract with Fidlar Technologies, Inc., Rock Island, Illinois, for the property Fraud Alert system, the Disaster Recovery System and the Tapestry/Laredo Data Sales program. The Property Fraud Alert system will serve as an early notification for Cook County property owners, allowing them to intervene in the event of fraudulent transactions. The Disaster Recovery System will allow the office to resume operating within hours of any interruption of service, whether natural or otherwise. The Tapestry/Laredo Data Sales program is expected to increase revenue from the sale of Recorder of Deeds information beyond the current levels.

Reason: Fidlar Technologies, Inc. provides the industry's only proactive land fraud notification system that functions in harmony with third party recording systems. The system requires no additional modifications to existing Recorder of Deeds operation. The Fidlar Disaster Recovery system feeds the Tapestry/Laredo Data Sales program with recorded information, which provides an additional level of network security for the Recorder of Deeds office.

Estimated Fiscal Impact: \$322,000.00 (FY 2009: \$131,613.00; and FY 2010: \$190,387.00). Contract period: November 1, 2009 through October 31, 2010. (527-260 Account). Requisition No. 95270035.

Sufficient funds are available in the Recorder of Deeds Document Storage Fund.

The Purchasing Agent concurs.
